What information do students need?

- ★ Student's skills and interests (not yours!)
- ★ Programs that match those skills & interests
- ★ High school course requirements and grades necessary to apply for the programs
- ★ Institutions that offer the programs
- ★ Location of institution (does it fit the student- visit, check things out, stay at home or live in residence?)
- ★ Consider - cost of program, travel, textbooks and other supplies

How can parents help?

- ★ It is important to support your student in the process, but not do the process for them.
- ★ It is their future – the student needs to take ownership
- ★ Post-secondary institutions consider students to be young adults; they talk to the student – not the parent
- ★ Some students take longer to figure it out!

- ★ If applying outside of Nova Scotia, students must place an order through the [Auburn Drive High School website](#). Students are responsible for mailing transcripts to the post-secondary institutions. Upon request, electronic transcripts can often be sent directly to the post-secondary institution
- ★ June 2026
 - In the graduation package there will be **two sealed final transcripts**, one of which must be sent to the post-secondary institution the student will attend in the fall (not necessary if the institution is using the MyTranscripts system).
